SESSION	SLIDE	CHANGE TO BE MADE	INSTR MANUAL	TRNEE MANUAL	SLIDES
The 2004 revision of AACR2 resulted in renumbering of rules and LCRI's for title changes in chapter 21. The changes simply resulted in a rearrangement of the rules for title changes so that the major and minor change definitions fall specifically under serials in 21.2. References session 7 were changed. For example the references in the instructor notes of slide 1 was changed from:					
		AACR2 and LCRI's			
	21.2A1-21.2A2				
	LCRI 21.2A				
	21.2C + LCRI				
	21.3B1 + LCRI				
To:					
		AACR2 and LCRI's			
	21.2C + LCRI				
	21.2C1				
	21.2C2				
	21.3B1 + LCRI				
In session 7 of the 2005 revision of the advanced workshop, specific references to the old rule numbering were changed in slides 8-9, 13, 15-19, 22-26. The excerpt from AACR2 for major and minor changes reflects the current numbering of the rules, 21.2C2a for major changes, 21.2C2b i-ix for minor changes (old rules were: 21.2A1 for major and 21.2A2 a-i for minor changes). All of the answers to the exercises in session 7 have been changed accordingly.
